# 2009 Certified Landscape Technician Program

Certification Site Sponsorship Opportunities  
Friday, July 31, 2009

Clackamas Community College Campus – Oregon City, Oregon

The CLT program is a source of great accomplishment and pride to PLANET, OLCA and its' respective members. In case you are not familiar with the Certification process, it is an international testing program administered by the Oregon Landscape Contractors Association (OLCA) and the Professional Landcare Network (PLANET), designed to recognize "above and beyond" proficiency in the landscape workforce.

However, a successful CLT program is not possible without the commitment, time and financial support of our industry's many vendors, suppliers and volunteers. It is our hope that you and your company will help OLCA present another quality CLT test in 2009 by becoming a CLT sponsor.

A menu of sponsor choices is included with this form. To become a sponsor simply check the appropriate sponsor choice, complete all of this registration form and send it, along with the appropriate payment to the OLCA office. Your support of our program is greatly appreciated!
